

School group accommodation at Curtin University

We're offering discounted rates for short-term stays for Western Australian high school groups and students.

Are you a regional high school planning a group visit to Perth?

Take advantage of our discounted rates for group accommodation. You'll be close to shops, public transport and our beautiful university campus.

Would it be useful for your school's students to experience living on campus?

Living and learning on campus offers a fantastic experience for university students. The benefits include:

- being independent but having support when needed
- finding it easy to make new friends and a new social life
- being a short walk to lectures and tutorials
- having easy access to uni campus facilities.

Most importantly, because students are closer to their classes, campus facilities and the library, uni students feel more engaged with their studies – which has been shown to contribute to better academic results.
